Articles not marked by any sign were published as original contributions in THE LARYNGOSCOPE. All articles marked with a † were published in the proceedings of the New York Academy of Medicine, Section on Laryngology and Rhinology. Those marked with a * were published in the proceedings of the Philadelphia Laryngological Society; those marked with a ‡ were published in the proceedings of the American Laryngological Association.

A

Acute middle ear infections in children from the standpoint of the otologist,—Saunders, T. L.... 361
Acute middle ear infections in children from the standpoint of the Pediatrist,—LaFetra, L. E..... 357
Adenoidoscope or soft palate retractor,—Kahn, A..... 163
Adhesions after tonsillectomy,—Harris, T. J.....†471
Apparatus for irrigating the nasal cavities, useful in home treatment,—Imperatori, C. J..... 550

B

Bacteriology of the nose, throat and ear,—Ersner, M. S.....*677
Brain abscess as a complication of acute infection of nasal accessory sinuses,—Jessaman, L. W.. 147
Brain abscess, observations regarding the treatment of,—Sharpe, Wm. 376
Brain abscess of otitic origin with epileptiform attacks. Decompression followed by recovery,—Sautter, C. M..... 823
Broncho-periscope, — Freudenthal, W. 527

C

Carcinoma of laryngo-pharynx treated by operation and the use of radium,—MacPherson, D.....†405
Carcinoma of the antrum, case of,—Stout, P. S.....*178
Carcinoma of the middle ear, report of a case of,—Guttman, J.... 727
Case for diagnosis,—Davis, G. E....†338
Case of anerobic bacillus infection of the mouth,—Babcock, J. W.....†330
Case of enlargement of sella trucica with impaired vision,—Hurd, L. M.....†335
Case of traumatic salivary fistula, Oppenheimer, S..... 304
Case of tubercular laryngitis,—Hunter, R. J.....*182
Cellulitis of and abscess in the para-pharyngeal tissues causing laryngeal edema. The symptoms, diagnosis and treatment,—Coakley, C. G..... 65
Case of multiple bone formation in the tonsils,—Calhoun, J. E..... 428
Case showing the cosmetic result of the Killian operation for disease of the frontal sinus,—Harris, T. J.....†471
Cavernous sinus thrombosis following a secondary mastoidectomy,—Robinson, J. A..... 574
Cerebellar abscess associated with chronic suppurative otitis media: operation and recovery,—Keeler, J. C..... 143
Chances of cure of mastoiditis by tentative tonsillo-adenectomy,—Glogau, O..... 83
Chronic frontal and ethmoidal sinusitis. External operation,—Coakley, C. G.....†325
Clamp. Tonsillectome, — Hyslin, E. 109
Clicking of the nose, — Douglas, B. .....†468
Combined operative and radium treatment of malignant disease of the nasal accessory sinuses,—Barnes, H. A..... 646
Combination tongue depressor and pillar retractor,—McGibbon, S.... 162
Condemnatory note on use of paraffin in cosmetic rhinoplasty,—Oppenheimer, S.....595
Control of the lung abscess following tonsillectomy and retropharyngeal abscess. The suction dissector,—Walker, C. B..... 701
Cornu cutaneum of the auricle, a case of,—Parish, B. D.....*124

D

Deaf, the,—Wright, J. D..... 597
Deaf child, the,—Goldstein, M. A. 479
Decrease of after-nystagmus during repeated rotation,—Griffith, C. R..... 129

Deep cervical abscess and thrombosis of the internal jugular vein,—Mosher, H. P. 365
Delayed secondary hemorrhage complicating tonsillectomy, —Dabney, V. ‡55
Demonstration of reconstruction section of defects of hearing and speech,—Richardson, C. W. 487
Diagnosis of accessory sinus disease causing loss of vision,—White, L. E. 551
Diagnosis of brain abscess, the,—Casamajor, L. 436
Difficulties encountered in removing a peanut from the bronchus,—Chamberlain, W. B. 719
Discussion of the pathology and anatomic cure of chronic purulent otitis media, with a suggested method of effective treatment,—Callison, J. J. †757
Disinfection of carriers,—Delavan, D. B. ‡55

E

Ears and the job,—Samuelson, E. E. 501
Epithelioma of the soft palate,—Douglas, B. †468
Essential points in successful laryngological practice. Illustrative cases,—Lanier, L. H. 530
Ethmoidal operations for pan sinusitis, opening the accessory sinuses — operative danger almost nil, with good results,—Reaves, W. P. 289
Ethmoidal problem, the,—Skillern, R. H. 687
Exophthalmos and third nerve palsy due to acute empyema of the posterior ethmoidal sinus. Cured by intranasal operation,—Vail, D. T. 355
Experimental observations on the treatment of brain abscess following middle ear and mastoid infections,—McCoy, J. 75
Extraction of foreign bodies from the deep portions of the face by the natural route,—La Maitre, Major ‡51
Extradural abscess complicating mastoid disease,—Kaufman, A. S. *125

F

Falling reaction of acrobatic aviators,—Hunter R. J. 312
Fibromyxoma of the larynx, two cases of,—Wagers, A. J. *177
Fluroscopic bronchoscopy, esophagoscopy and gastroscopy, —Lynch, R. C. 714
Foreign body in right inferior bronchus; removal,—Gill, E. G. 315
Foreign body removed from right main bronchus,—Forbes, H. H. †404

G

Germ life—the mastoid bone as a living medium,—Kahn, A. 434
Gradenigo's syndrome, two cases of,—Maybaum, J. L. 138

H

How the deafened rebuild their lives,—Peck, A. W. 490

I

Implantation of tibial graft for the correction of saddle back deformity of the nose,—Fisher, L. *182
Incomplete mastoid operation as a cause of delayed healing,—Hill, F. T. 154
Infections following operations of nose and throat,—Kunz, H. 717
Injuries of the nose and throat, due to bullet and shell wounds, —Ingersoll, J. M. ‡58
Intracranial complications of nasal origin,—Eagleton, W. P. *673
Intranasal sinus operation with special instruments,—Faulkner, E. R. †115

L

Laryngeal case for diagnosis,—White, F. W. †745
Laryngectomy with good speaking voice,—MacKenty, J. A. †112
Laryngitis sicca,—Jones, D. H. †740
Laryngology and rhinology with the American expeditionary forces in France,—Skillern, R. H. 26
Lateral sinus disease—case report,—Martin, H. H., and Crowe, S. J. 817
Lateral sinus thrombosis, report of five interesting cases of, —Holmes, C. R., and Goodyear, H. M. 1
Local diagnostic value of the tuning fork tests,—Retjo, A. 407
Logical cause, pathology and treatment of brain lesions—an experimental paper, the,—Kahn, A. 809
Lympho-granuloma of the nasopharynx,—Douglas, B. †467

M

Mastoidectomy (perisinous abscess, exposure of dura) followed by attacks of toxic insanity. Recovery,—Glogau, O. 566

Mastoiditis without tympanic involvement,—Salinger, S. 573
Meningocele (two cases),—Dunning, W. M. †742
Magnifying lens with a special handle,—McGibbon, S. 162
Motor neuroses of the larynx, the, —Mackenzie, G. W. 585
Mucocele of frontal sinus,—Dunning, W. M. †741

N

Nares, case of adeno-carcinoma of the,—Husik, D. N. *178
Nasal syphilis, an unusual and interesting case of,—Richardson, C. W. †54
Naso-pharyngeal adenoid, surgical requirements of the,—Jervey, J. W. 697
Naso-pharyngeal polyp,—White, F. W. †115
New bronchoscope, — Goodloe, A. E. 723
New form of medication for the nose and naso-pharynx,—Freudenthal, W. 381
New instrument and method for washing and draining the nasal sinuses. Preliminary report,—Unger, M. 561
New method for closing off the Eustachian tube in the radical mastoid operation,—Kahn, A. 146
New method of exposing the pituitary: with report of a case,—Faulkner, E. R. †750
Nose, two cases of plastic surgery of the,—Ersner, M. S. *181
Nystagmus, concerning the effect of repeated rotation upon,—Griffith, C. R. 22
Observations of the healing processes following mastoid operations,—Hammond, P. 662
Osteitis of the superior maxillary and malar bone,—MacPherson, D. †467
Otogenic facial paralysis,—Voorhees, I. W. 14

O

Oto-laryngological features of the influenza epidemic at Camp Hancock, Ga., September-December, 1918,—Fetterolf, Geo. ‡61
Otology in American camps and the American Expeditionary Forces,—Coates, G. M. *122
Ozena, Italian contributions to the study of the etiology and therapy of,—Caldera, C. 31

P

Perforating gunshot wound of the face with extensive destruction of the superior maxillae,—Roy, J. N. 100
Peritonsillar abscess simulating an internal jugular phlebitis. Peritonsillar abscess: Streptococcus hemolyticus bacteriamia. Tuberculosis of nasal mucosa,—Bowers, W. C. †734
Peroral endoscopy and laryngeal surgery,—Jackson, C. 520
Popular fallacies in the practice of otology,—Shambaugh, G. E. 683
Portable apparatus for cleansing the nasal accessory sinuses,—Imperatori, C. J. †739
Present status of plastic surgery about the ear, face and neck,—Beck, J. C. 263
Psychology of deafened people from a Layman's point of view, —Storey, J. de R. 496

R

Radium applicator for the larynx, —Freer, O. T. 298
Relationship of the anatomy and physiology to the pathology of the nose, throat and ear,—Wieder, H. S. 543
Removal of foreign body from the esophagus,—Pratt, E. L. †334
Report of committee on the deaf child 729
Report of committee on local anesthetics,—Mayer, E., Skillern, R. H. and Sonnenschein, R. 443
Report of six unusual cases of septic sinus thrombosis in children. Operations. One death, — Kopetzky, S. J. 763
Report of the tonsil work at the post-graduate hospital for the year 1919,—Douglas, B. †476

S

Sarcoma of antrum,—Coffin, L. A. †743
Simple, bloodless tonsillectomy, with a simple, safe local anesthesia, A.,—Rosenblatt, Sol. 576
Sinking of the bridge of the nose following submucous resection: One case corrected by a plastic operation,—Harris, T. J. †469
Sixth nerve involvement in purulent otitis media,—Perkins, C. E. 666
Some remarks on group study in the surgery of the head,—Oppenheimer, S. †602

Some considerations upon the present status of the etiology and treatment of cancer, with a report of four cases of cancer of the larynx successfully treated with radium,—Delavan, D. B..... ‡56
Specific ulceration of epiglottis in a child of seven,—White, F. W. .....†114
Sterilization for atomizers, etc,—Shapiro, I. F..... 726
Stricture of the esophagus complicated by lung abscess and empyema,—Kernan, J. D.....†748
Studies of the barany rotation and caloric tests of tumors of the nervus acusticus,—Vail, H. H..... 505

T

Technic of tonsillectomy under local anesthesia,—Cullom, M. M..... 419
Technic of mastoidectomy simplified by the use of a new bone electric outfit and paraffin drainage. Author's abstract,—Soresi, A. L.....†341
Temporo-sphenoidal abscess, report of a case of,—Leshure, J.... 80
Thyrotomy for laryngeal carcinoma six weeks after operation,—Arrowsmith, H.....†113
Tonsil facts,—Stewart, T. M..... 706
Tonsillectomy in the adult under local anesthesia, by the Sluder method,—McKinney, R..... 429
Transplantation of mucous membrane from the cheek into the nose,—Freudenthal, W.....†749
Traumatic stenosis of the larynx, —White, F. W.....†746
Treatment of cicatricial web stenosis of the larynx and trachea,—Lynah, H. L..... 343
Tuberculosis of the larynx, —Kunz, H..... 150
Two cases of foreign bodies in the bronchi,—Imperatori, C. J... 386
Two cases of maxillary empyema of dental origin: Alveolar fistula; radical operation,—Maybaum, J. L.....†472
Two cases of radical antrum operation,—Coffin, L. A.....†744
Two interesting tonsil cases,—Atkins, R. T.....†333
Unique foreign body in nose. Successful removal,—Voorhees, I. W. .....†332
Value of laboratory examinations in prognosis and diagnosis in oto-laryngology, — Oppenheimer, S. and Spencer, H. J.....†168
Unusual case of syphiloma of the nose and naso-pharynx,—Smith, H. .....†749
Vaso-motor disturbances of the nose with special reference to hay fever, with a report for the year 1919,—Selfridge, Grant..... 611
Vestibular vertigo of non-suppurative origin: Factors bearing on prognosis: Reports of cases,—Kerrison, P. D..... 626
Voice and speech. a neglected medical study,—Levbarg, J. J..... 711
Woody Phlegmon with report of cases,—Pollock, H. L..... 306
